## Fire Code Supplement FCS-1

# Objectives and Functional Statements Attributed to the Acceptable Solutions

May 2007

## COMMENCEMENT

Fire Code Supplement FCS-1 comes into force on November 21, 2007.

## **Fire Code Supplement FCS-1**

## Objectives and Functional Statements Attributed to the Acceptable Solutions

### 1. SCOPE

This document prescribes, for the purposes of Subsection 1.2.2. in Division A of the Fire Code, the **objectives** and **functional statements** that have been attributed to **acceptable solutions** set out in Division B of the Fire Code.

**Objectives**, **functional statements** and **acceptable solutions** referred to in this document are those defined in Article 1.4.1.2. of the Fire Code.

#### 2. OBJECTIVES AND FUNCTIONAL STATEMENTS

The **objectives** referred to in this document are those set out in Part 2 of Division A of the Fire Code.

The **functional statements** referred to in this document are those set out in Part 3 of Division A of the Fire Code.

### 3. ATTRIBUTION TO ACCEPTABLE SOLUTIONS

For the purposes of compliance with the Fire Code, as provided in Clause 1.2.2.1.(1)(b) of Division A, the **objectives** and **functional statements** attributed to the **acceptable solutions** in Division B shall be the **objectives** and **functional statements** set out in Tables 2 to 9.

Where **objectives** and **functional statements** have not been attributed to an **acceptable solution** in Tables 2 to 9, the provisions of Clause 1.2.2.1.(1)(b) of Division A of the Fire Code do not apply and compliance with the Fire Code must be achieved by complying with the **acceptable solution** specified in Division B of the Fire Code. Refer to Sentence 1.2.2.1.(3) of the Fire Code for additional details.

### 4. USING THE TABLES

For the purposes of Tables 2 to 9, a notation made by the following mark "..." identifies text contained in the Fire Code that is included for the purposes of the attribution but is omitted from the table for brevity. A notation made by the following mark "\_\_ " identifies text contained in the Fire Code that is deliberately excluded for the purposes of the attribution.

Subsection 4.4.2.	Materials for Piping, Valves and Fittings
4.4.2.1. (1)	[F20-OS1.1,OP1.1]
	Applies to the following text in the Fire Code: "Materials for piping
	systems containing flammable liquids or combustible liquids shall
	be suitable for the maximum anticipated working pressures and
	operating temperatures".
	[F80-OS1.1,OP1.1]
	Applies to the following text in the Fire Code: "Materials for piping
	systems containing <b>flammable liquids</b> or <b>combustible liquids</b> shall
Note <sup>1</sup> Objectives and function	

Note<sup>1</sup> – **Objectives** and **functional statements** have not been attributed and the **acceptable solution** in Division B of the Fire Code applies.

Acceptable	Objectives and Functional Statements
Solution	· ·
	be suitable for the chemical properties of the contained liquid".
(2)	Note <sup>1</sup>
(3)	[F04-OS1.2,OH5,OP1.2]
	[F20,F81-OS1.1,OP1.1]
